**10 billion yuan subsidy for  
outdoor power supply**

## Overview

---

How much Yuan has a Consumer Subsidy boosted sales this year?

As of May 31, the program has boosted sales of five key categories of consumer goods totaling 1.1 trillion yuan this year, with about 175 million subsidy payments issued directly to consumers, the MOC said.

What is PDD's 10 billion yuan subsidy program?

Ahead of this year's mid-year 618 shopping festival, PDD launched its 10 billion yuan subsidy program on April 6th, specifically targeting home appliances and consumer electronics.

How much Yuan is being spent on equipment renewal?

Funding support for equipment renewal through ultra-long special treasury bonds totals 200 billion yuan (\$27.9 billion) this year. The first batch of approximately 173 billion yuan has been allocated to about 7,500 projects across 16 sectors, under the principle of dual review by local and central governments, according to NDRC.

How many Yuan subsidies were given to agriculture in 2022?

A total of 40 billion yuan was granted as subsidies for agriculture in three batches in 2022, according to the ministry.

How much yuan will China spend on consumer goods trade-in?

When it comes to the consumer goods trade-in program, Li said that funding support from ultra-long special treasury bonds totals 300 billion yuan and the third batch of subsidies will be disbursed in July, after the first two batches totaling 162 billion yuan were disbursed in January and April, respectively.

What is Pinduoduo's billion-yuan subsidy strategy?

Billion-yuan subsidies and agricultural products are the two prominent

features of Pinduoduo. The meticulous cultivation around the agricultural industry chain and the resulting leap in user-side agricultural product prices and quality are a typical case of understanding the core of Pinduoduo's billion-yuan subsidy strategy.
