12v40ah energy storage battery

Overview

What is a 12V 40ah battery?

This 12v 40ah battery is a LiFePO4 lithium chemistry. Which offer BMS controlled safety, long life, fast-charging performance, also the BMS embeds smart balancing algorithms that control all cell voltages in the battery, making sure they are constantly at the same voltage level, optimizing battery capacity. Check details in ELB certification center.

What is a 40V 4.0Ah battery?

The 40V 4.0Ah Battery is the extended run time pack in our 40V range. By using this battery, you get twice the run time than the standard 2.0Ah battery, providing more power, performance, and satisfaction for your Greenworks tools.

What is the 40V battery?

The 40V battery from Greenworks is a powerful battery that can power over 25 different machines. It is the bigger brother of the standard 2Ah battery and can replace most of your petrol tools in the garden.

What is a ps-12400 battery?

Approved for transport by air. D.O.T., I.A.T.A., F.A.A. and C.A.B certified The PS-12400 is part of our PS range of sealed lead acid batteries (often referred to as VRLA) which have been specifically designed for general purpose and standby applications.
