ABB Uninterruptible Power Supply Helsinki

Overview

What is ABB ZISC?

ABB's ZISC is a high performance, high efficiency power conditioning and uninterruptible power supply architecture. It provides protection from a broad spectrum of utility voltage events and supplies continuous clean power. ZISC architecture is based on an isolating line reactor coupled with the high performance ABB power converters.

Does ABB support UL-compliant UPS systems?

By offering both 415V and 480V UL-compliant UPS systems, ABB enables data centers to select the optimal voltage configuration for their specific environments. This flexibility ensures seamless integration with existing infrastructure, enhances operational efficiency, and supports long-term performance goals.

What training does ABB offer?

The training is offered to ABB's customers, partners and own personnel. ABB's industry-first medium voltage Uninterruptible Power Supply (UPS) that provides a continuous and reliable power supply of up to 24 kV for mission critical facilities. This reliable supply of power is used to protect loads, whilst reducing downtime.

What is the most compact uninterruptible power supply?

. ABB provides the most compact uninterruptible power supply?

An uninterruptible power supply (UPS) is an electrical device that provides quality power and protects from input power interruptions that could come from voltage surges and spikes, voltage sags, total power failure, and frequency differences.

What are ABB's medium voltage products?

ABB's Medium Voltage Products encompass a comprehensive range of technologies and solutions designed for the efficient distribution and management of electrical power in various applications.

What is ABB Low Voltage Products?

ABB's Low Voltage Products offering encompasses a wide range of electrical products designed to ensure the safe and efficient distribution and management of electrical power in various applications. These offerings are designed to enhance safety, reliability, and efficiency in electrical systems across different industries.

ABB Uninterruptible Power Supply Helsinki

Helsinki Metro goes driverless with ABB The new ...

Mar 15, 2024 · Helsinki City Transport (HKL) and an internationally leading provider of transportation and logistics solutions signed the contract for renovation of the metro network in ...

ABB in Finland

Apr 2, 2025 · In addition, the company is a remarkable provider of maintenance and life cycle services. The plant locations are Helsinki, Vaasa, Porvoo and Hamina. ABB is a technology ...

 LFP 48V 100Ah

ABB and Applied Digital accelerate AI-ready data centers

Jun 11, 2025 · Central to the partnership is a new medium voltage power architecture using ABB's HiPerGuard Medium Voltage Static Uninterruptible Power Supply (UPS), an industry first ...

ABB UPS underground in Finland

Mar 16, 2024 · They also have the ability to expand the ABB modular uninterruptible power supply as needed - this scalability is vital to them, so they can grow the installed UPS as the power ...

Mikael Uschanov

UPS business manager at ABB Finland · I have over 15 years of experience working in system sales and service sales for uninterruptible power supply ...

Helsinki Metro goes driverless with ABB

Mar 15, 2024 · The line will be made fully automatic in 2014, without interrupting or disturbing its operation. ABB has been chosen by the transportation solution provider to supply the ...

DPA 250 S4

The uninterruptible power supply (UPS) DPA 250 S4, with its market-leading module efficiency of 97.6 percent, offers more than 30 percent lower power losses, top reliability, zero downtime ...

MegaFlex UL

The MegaFlex UL uninterruptible power supply (UPS) merges advanced innovation with reliable power protection. Engineered to be AI-ready, it's the ...

Helsinki Metro goes driverless with ABB

Mar 15, 2024 · Helsinki City Transport (HKL) and an internationally leading provider of transportation and logistics solutions signed the contract for renovation of the metro network in ...

PowerWave 33

ABB's PowerWave 33 is a three phase, standalone UPS from 160 to 500 kW. It is the best combination of energy efficiency, reliability and low cost of ownership.

Largest hospital area in Finland modernizes its power ...

These relays offer extensive protection and control functionality to ensure uninterrupted power supply. Reliable and fast arc fault protection is now ensured with ABB's REA 101 modules.

Data centers: always connected -- ABB Group

Jun 17, 2025 · HiPerGuard ABB's industry-first medium voltage Uninterruptible Power Supply (UPS) that provides a continuous and reliable power supply of ...

Uninterruptible power supply with MegaFlex

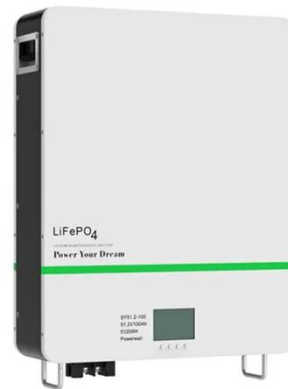

Aug 14, 2020 · ABB provides the most compact uninterruptible power supply? An uninterruptible power supply (UPS) is an electrical device that provides quality

power and protects from input ...

SU/S 30.640.1 , ABB

Aug 18, 2025 · Power supply 640 mA with integrated choke for supplying a bus line from an uninterrupted supply. Quick diagnostics via LED display for ...

HiPerGuard

ABB's ZISC is a high performance, high efficiency power conditioning and uninterruptible power supply architecture. It provides protection from a broad ...

UPS Systems , UPS and Power Conditioning , ABB

ABB offers a comprehensive range of reliable and high efficiency power protection solutions. Making sure you have a reliable supply of power for your

critical ...

ABB Power Protection

HiPerGuard UPS provides a continuous and reliable power supply of up to 24 kV for mission critical facilities. ABB's DPA family of UPSs offer online-swappable power modules for ...

Telia's cutting-edge data center powered by ...

Nov 8, 2024 · To support these objectives, Telia has benefited from several high-efficiency ABB power distribution solutions, including UniGear Digital and ...

Technology & Sustainability -- ABB Formula E

Feb 22, 2021 · The ABB FIA Formula E World Championship is a testbed for innovative electrification and digital technologies that improve productivity,

...

Conceptpower DPA 500 (Modular)

Conceived for medium-sized and large data centers, ABB's DPA 500 modular uninterruptible power supply (UPS) fulfills power requirements from 100 kW to ...

Book 1 db

Mar 15, 2024 · Helsinki City Transport (HKL) and an internationally leading provider of transportation and logistics solutions signed the contract for renovation of the metro network in ...

ABB launches AI-optimized 415V 3-phase UPS for large-scale

Jun 6, 2025 · ABB has unveiled its latest uninterruptible power supply (UPS) system -- the AI-ready MegaFlex UL UPS for 415V 60 Hz applications -- designed

to meet the evolving load ...

PowerValue 11/31 T

An efficient uninterruptible power supply with scalable runtime ABB's new compact PowerValue 11/31 T UPS from 10 kVA to 80 kVA, incorporates all the ...

PRODUCT CATALOG (IEC) ABB UPS products and ...

Mar 17, 2024 · Our uninterruptible power supplies (UPS) and ancillary products cover a wide range of applications and power - from small offices to large data centers. And for each and ...

Smart Power , Electrification , ABB

Jul 1, 2025 · ABB Drives is a global technology leader serving industries, infrastructure and machine builders with world-class drives, drive systems and ...

Medium-voltage uninterruptible power supply

Aug 24, 2020 · A large data center needs a power protection scheme that can supply a sizeable amount of power in a very reliable and efficient way. A ...
