

SolarGrid Energy Solutions

AP Energy Storage Battery

Overview

What is AP battery?

APbattery from APstorage (part of APsystems) is characterised by its better charge and discharge performance, have a longer lifespan and less loss due to self-discharge. The low voltage LiFePO4 pack battery has a total energy of 6.5kWh and a nominal voltage of 51.2V.

What is APsystems AC-coupled smart energy storage solution?

APsystems next-generation AC-coupled smart Energy Storage Solution for residential. The systems includes the ELS single-phase battery charger solution together with APsystems low voltage batteries, Also compatible with an expanding list of LiFePO4 battery brands*, it becomes the ideal AC-coupled storage solution for residential PV applications.

Which battery chargers are compatible with APsystems AC-coupled storage systems?

The system includes the ELS single-phase battery charger solution together with APsystems low voltage batteries, a Iso compatible with an expanding list of LiFePO4 battery brands *, it becomes the ideal AC-coupled storage solution for residential PV applications.

Is the APsystems apstorage complete battery kit in stock?

The APSystems APStorage Complete battery kit 51.2V - 6.5kWh Monophase is currently in stock. However, as the battery kit contains multiple components, it is not uncommon that certain parts are not in stock, affecting the availability of the battery.

What is a APsystems 6.5kWh solar battery?

Approved for the French market, conforming to standard UTE 15-712-3, providing critical load support during power outages while enhancing energy savings. The APBATTERY 6.5kWh solar battery, crafted by APSYSTEMS, offers

dependable storage capacity, capturing and storing excess solar energy efficiently.

How much energy does a LiFePO4 battery store?

The low voltage LiFePO4 pack battery has a total energy of 6.5kWh and a nominal voltage of 51.2V. The built-in BMS monitors the status of the battery and triggers an alarm to prevent the battery's capacity of up to 128Ah from being exceeded. To extend the energy storage system, up to 8 batteries can be connected in parallel.

AP Energy Storage Battery

Products

5 days ago · APsystems next-generation AC-coupled smart Energy Storage Solution for residential. The system includes the ELS single-phase battery ...

ELS 11.4K Series

APsystems energy storage inverter can be used with low-voltage batteries to make it an ideal AC coupling residential PV energy storage solution. Based on ...

APSystems Apstorage Loader ELS

This advanced feature offers complete visibility of energy consumption, battery charge levels and other key parameters, enabling precise and efficient solar ...

Products

Aug 12, 2025 · APsystems next-generation AC-coupled smart Energy Storage Solution for residential. The system includes the ELS single-phase battery ...

APSystems AP Battery 51.2V

Discover the APSystems AP Battery 51.2V - 6.5kWh at PlanetSoarShop, your go-to solution for efficient energy storage. With advanced LiFePO4 technology, ...

What Makes the APbattery the Ultimate Energy Storage ...

It's a low-voltage LiFePO4 pack battery with a total energy capacity of 6.5 kWh and comes with a standard 10-year manufacturer warranty. Here are the key benefits at a glance: The APbattery ...

Across the US, batteries and green energies like ...

Mar 15, 2024 · Across the US, batteries and green energies like wind and solar combine for major climate solution 1 of 10 , Mike Vandrey, construction ...

Video: APstorage Installation Walkthrough

Nov 3, 2023 · APsystems recently created a walkthrough video for the new APstorage ELS 5K Power Conversion System (PCS) and APbattery, two fundamental components of the ...

Energy Department announces \$325M for ...

Sep 22, 2023 · The Energy Department announced Friday a \$325 million investment in new battery types that can help turn solar and wind energy into ...

Video: APstorage Installation Walkthrough

Nov 6, 2023 · APsystems recently created a walkthrough video for the new APstorage ELS 5K Power Conversion System (PCS) and APbattery, two

fundamental components of the ...

APstorage Commercial & Industrial ESS

APstorage C& I offers sophisticated monitoring and energy management solutions to its customers proposing a detailed view of each cluster to the aggregated ...

AP Systems AP Battery-51.2V/6.5kWh (1.9m cable)

The low voltage LiFePO4 pack battery has a total energy of 6.5kWh and a nominal voltage of 51.2V. The built-in BMS monitors the status of the battery and triggers an alarm to prevent the ...

APsystems

APsystems next-generation AC-coupled smart Energy Storage Solution for residential. The systems includes the ELS single-phase battery charger ...

PRODUCT FEATURES DIMENSIONS

Jun 20, 2023 · PRODUCT FEATURES

APbattery is a modular lithium-ion energy storage system which can help to optimize the use of residential solar energy systems, cut the electricity bills

...

Whole Home Battery Backup, Home Power Backup

A robust home energy storage and management system integrating various power sources to provide 24/7 whole-home power backup and intelligently optimizing energy use to eliminate ...

APSystems AP Battery 51.2V

The APSYSTEMS AP Battery 51.2V - 6.5kWh is a high-performance energy storage solution designed to optimise your residential photovoltaic system. ...

ESI Asia Pacific Pty Ltd

Feb 17, 2025 · Energy Storage Industries - Asia Pacific (ESI) is fully integrated -- we manufacture, install, maintain and finance energy storage battery ...

APsystems APbattery-48V/5.76kWh

Jul 18, 2025 · Energy storage manufacturers may have a background in chemical industries or in making larger-scale batteries, such as building batteries for electric vehicles. Manufacturers ...

APsystems - 5KW Inverter for battery back-up (ELS-5K-NA)

PRODUCT DESCRIPTION APstorage introduces its 1st generation of smart Power Conversion Systems with the ELS-5K battery charger solution.

Together with compatible low voltage ...

APstorage 6,5 kWh - deBaKo

The low voltage LiFePO4 pack battery has a total energy of 6.5kWh and a nominal voltage of 51.2V. The built-in BMS monitors the status of the battery and triggers an alarm to prevent the ...

APsystems - 5.0kW AC-Coupled Battery Inverter ...

The APsystems APstorage ELS-5K is a next-generation 5.0kW AC-coupled residential battery inverter, part of the APstorage Energy Storage Solution. It ...

Empowering global energy solutions: APstorage offers ...

Sep 7, 2023 · This comprehensive offering includes a range of state-of-the-art battery inverter models, designed to set new standards in energy storage

solutions worldwide. Battery ...

50KW modular power converter

APstorage

4 days ago · APsystems is the #1 global multi-platform MLPE solution provider, offering microinverter, energy storage and rapid shutdown devices for the ...
