## Overview

---

What is a battery storage box?

Battery storage boxes are an easy and convenient way of securing and storing batteries. They are sometimes referred to as battery cases or battery organisers. Battery storage boxes and cases are typically made from sturdy plastic and are shatter proof and drop proof.

What is AA battery storage box?

Made from clear high-impact plastic, the AA battery storage box is sturdy and slim for compact storage, provide years of reliable use. Battery storage container with hinged lid adds valuable storage to your home. It is the perfect organizer for utility drawers and supply closets, easy to carry around efficiently.

What size is a battery box?

Because of its large size, it means that it is likely that your battery will fit with room to spare. This yellow box measures L400mm x D190mm x H200mm and allows a protective space for your battery. The battery box also has straps that allow you to secure your battery in place.

How many AA batteries does a battery storage unit hold?

Store Household batteries with ease! Holds a total of 168 batteries, including 78 AA, 64 AAA, 10 C, 8 D, and 8 9V batteries, ensuring all your common household battery types are stored in one place. Features an easy-to-use built-in battery tester, allowing you to quickly check if your batteries still have life.

What is a plastic battery box?

Plastic battery boxes are the most cost effective way to secure a battery in nearly any application. Traditionally battery boxes were produced for marine and boat use, but have expanded into almost every application including automotive, commercial, industrial and stand-by applications. All of our plastic

battery boxes are Made in the USA.

Which batteries fit in the battery box?

By its built-in over-current protectors & multi input/output ports, the Battery Box is great for Boating, Camping, Overland and Solar Power Storage. Compatible with 12V-24V Batteries as long as they fit-in the box, such as Group 24, 27, 31 and most other AGM & Lithium Batteries.
