**Are there any 5G base stations
in Vilnius**

Overview

How many 5G base stations are there in Vilnius?

A total of 20 5G base stations have started operating in the Vilnius districts of Antakalnis, Sauletekis and Naujoji Vilnia. The new technology will be free to use for existing Telia customers. The rollout will be using dynamic spectrum sharing (DSS), a technology that allows both 4G and 5G to use the same frequencies.

Does Telia Lietuva have 5G?

Currently, 5G is available in Lithuania on the latest Asus, Huawei, Nokia, OnePlus, Sony, Xiaomi phones, and Huawei and ZTE modems. Telia Lietuva 5G connection on commercial and test frequencies has been activated in a total of 110 base stations of the company. 5G network coverage can be checked [here](#).

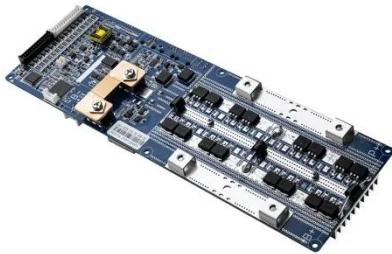

Does Telia Lithuania have a 5G 'pioneer band'?

With the 5G "Pioneer Bands" not yet available the service will use an existing mobile band. Telia Lithuania has launched 5G services using the 2.1 GHz band. A total of 20 5G base stations have started operating in the Vilnius districts of Antakalnis, Sauletekis and Naujoji Vilnia. The new technology will be free to use for existing Telia customers.

Will 5G be available in all 27 EU countries?

The first 5G auction of the 700 MHz band is expected to take place this year in Lithuania. The announcement means that commercial 5G is now available in all 27 EU countries. The cookie is set by GDPR cookie consent to record the user consent for the cookies in the category "Advertisement".

Are there any 5G base stations in Vilnius
