Australia Folding Container Wholesale

Overview

What is Australian folding container (AFC)?

The Australian Folding Container (AFC) has been well received in the Automotive and general industries due to its versatility and user-friendly features. It is used in the light industrial manufacturing sector for storing and transporting an array of components such as plastic mouldings, electrical and mechanical components.

What is a plastic bulk container?

Home » Products » Plastic Bulk Containers Plastic bulk containers, also known as IBC, palletcons, pallet bins, pallet crates or pallet boxes, are essential tools in modern logistics and storage. They are folding or rigid, solid or vented, with or without doors, but they are all durable and strong.

What is a bulk container used for?

Strong, tall, solid-walled Australian bulk container (IBC/Pallecon). Ideal for small new wine runs, food mixing, recycling, metal processing & pharmaceuticals. Solid folding plastic bulk container (bag in a box), perfect for transporting pharmaceuticals, food and non-hazardous liquids.

What is the strongest plastic bulk container?

Tall, strong, hygienic, high-capacity Euro Standard (1200x800) solid plastic bulk container. The toughest short vented Euro standard plastic bulk container you can buy. Ideal for herb harvesting and distribution and market gardens
The strongest vented European standard plastic bulk container you can buy.

Why do you need a plastic bulk container?

Bins with integrated lids or covers offer secure containment and protection against environmental factors. Furthermore, specialised containers designed for liquids, often featuring spouts or valves, are crucial for handling and dispensing bulk fluids. Plastic bulk containers find widespread application in

diverse sectors.
