

## SolarGrid Energy Solutions

# Belarusian generator container

## Overview

---

What is a containerized generator enclosure?

Our containerized generator enclosures are built to be highly mobile, allowing you to easily transport and relocate your generator equipment as needed. The modular design enables quick assembly and disassembly, making it an excellent choice for temporary power needs or projects requiring frequent relocation.

What are mg containerized gensets?

MG containerized type gensets use advanced sound-absorbing materials, scientific and unique design in airflow and noise control. The container is with CSC certification, in line with international container security convention, ensures shipping directly as a standard container, and greatly saves the cost of transportation.

What is a container-type diesel generator set?

The outer shape of the container-type diesel generator set is the standard size of the container, and there is no need to order a special container space during sea transportation, which greatly saves transportation costs. 3.

What size generator container do I Need?

Our generator containers for Type 2, 3, and 4 gas engines have a standard 40-foot length. Width and height depend on engine type, the application (power generation only or CHP) and ambient conditions. Customized sizes to accommodate special project requirements are available on request.

What is a sollant container diesel generator set?

The SOLLANT container diesel generator set has a compact and beautiful appearance through careful design. The box body adopts a detachable structure and is made of steel plates. The surface is sprayed with high-performance anti-corrosion and anti-rust paint.

What is the standard ventilation for genset containers?

The standard ventilation is designed for ambient temperatures from -25°C to +40°C. The genset containers can be equipped with several additional features to enable operation at lower temperatures on request. Type 6 containers are available with a similarly broad range of options that we offer for the Type 2 / 3 / 4 containers.
