

**SolarGrid Energy Solutions**

# **Black Mountain Solar System Battery**

## Overview

---

### Who is Black Mountain Energy Storage?

Leveraging cumulative decades of electric market experience, Black Mountain Energy Storage develops powerful, flexible, and strategically placed battery energy storage projects to foster a resilient electric grid. BMES' quickly expanding team of energy experts are fast actors in pipeline development of utility-scale energy storage solutions.

### Did UBS acquire Black Mountain Energy Storage?

UBS Asset Management today announced the acquisition of five standalone, development-stage energy storage projects in Texas from Black Mountain Energy Storage. Read more. Cypress Creek Renewables has added 400MW/600MWh to its storage portfolio after acquiring four Texas standalone energy storage projects from Black Mountain Energy Storage.

### Will a 200mwh battery energy storage system be online in 2024?

A 200MWh battery energy storage system (BESS) from developer Available Power at a net-zero technology campus in Texas is expected to be online in mid-2024. Read more. Energy companies are snapping up storage assets in the 'Lone Star State'. The state's lack of secure energy supply is driving the innovation. Read more.

### What makes Black Mountain a great partner?

Black Mountain has been an exceptional partner to work with and we are excited to throw our development, EPC and financing expertise behind these assets to move them across the finish line, affirming our commitment to developing resilient renewable energy resources throughout Texas.
