## Overview

---

Who is Capetown solar?

At CapeTown.Solar, we specialize in empowering homeowners across Cape Town and the Western Cape with reliable, sustainable, and cost-effective solar solutions. At CapeTown.Solar, we specialize in empowering businesses throughout Cape Town and the Western Cape with reliable, scalable, and cost-effective commercial solar solutions.

What is a residential solar battery system in Cape Town?

A Residential Solar Battery System in Cape Town enables you to operate independently from the grid for 6 to 8 months of the year. It consists of Solar Panels, an Inverter and a Lithium Battery.

Why should you choose Cape Town solar power?

Cape Town Solar Power's lithium batteries are engineered for enhanced energy storage, enabling seamless integration with solar systems. They offer high energy density, longer lifespan, and reduced maintenance compared to traditional batteries, ensuring a reliable energy supply.

Why should you choose a solar aircon service in Cape Town?

Use clean, renewable energy that reduces your household or business's environmental impact. Solar installations make homes and commercial buildings more attractive to buyers and tenants — a smart long-term investment. Book your aircon service with Cape Climate today — the team Cape Town trusts to keep things running right.

What are SABS-approved solar panels?

Their SABS- approved panels are durable, low-maintenance, and designed to significantly reduce electricity costs while ensuring greater energy independence. With scalable systems and integrated storage options, users can maximize energy efficiency and savings.

What warranties does Northface solar offer?

All Solar PV Equipment comes complete with full manufacturers Warranties, to ensure optimal performance. NFS WARRANTY: Northface Solar offer a 2-year workmanship warranty on all Solar PV Installations, after which there are full maintenance contracts available.
