

## SolarGrid Energy Solutions

# Brussels mobile energy storage system

## Overview

---

It is the site of the largest permitted battery energy storage system (BESS) on the continent at 2.8GWh, one of the largest under construction at 800MWh, and two under-construction projects announced last week will add another 440MWh to its growing operational capacity. Where is Europe's largest battery energy storage system located?

Brussels Morning Newspaper » Economy » ENGIE launches Europe's largest battery energy storage system in Belgium  
Brussels (Brussels Morning) – ENGIE is constructing a massive Battery Energy Storage System (BESS) in Vilvoorde, Belgium, with 200 MW capacity and 800 MWh storage, aiming to support 96,000 households with renewable energy solutions.

Is ENGIE building a battery energy storage system in Belgium?

A render of the project in Vilvoorde. Image: Engie. Multinational utility and IPP  
Engie has launched construction on a 200MW/800MWh battery energy storage system (BESS) in Belgium. The France-headquartered firm announced the start of construction in the 4-hour duration project in Vilvoorde, Belgium, on 5 July.

Is ENGIE launching a 200mw/800mwh battery energy storage system in Belgium?

Utility and IPP Engie has launched construction on a 200MW/800MWh battery energy storage system (BESS) in Belgium.

What is the largest battery energy storage system in the world?

It is the site of the largest permitted battery energy storage system (BESS) on the continent at 2.8GWh, one of the largest under construction at 800MWh, and two under-construction projects announced last week will add another 440MWh to its growing operational capacity.

Is Belgium a good place to invest in battery storage?

Belgium is one of the most active and mature grid-scale energy storage markets in Europe, with diversified opportunities for monetising battery storage via flexibility markets and a supportive regulatory regime.

Who is delivering a battery energy storage system?

It will be delivered by Italian developer NHOA Energy. French state-backed utility Engie has broken ground on the second of the battery energy storage systems (BESS) awarded it by Belgian grid operator Elia under a national plan to procure more grid electricity.
