Learn more Become a cooperator and invest with us in the energy transition in Brussels! Learn more brupower is the new citizen energy cooperative of Brussels.

### How much power does LCL Brussels-North have?

In LCL Brussels-North, capacity has been boosted by a third to 1500kW per feed with the ability to expand to 2400kW per feed without difficulty." Even though the existing UPS systems could still serve requirements for some time, LCL chose to make an additional investment and install a completely new system.

### How will Belgium's energy landscape change over the next 25 years?

BRUSSELS | The Belgian energy landscape will undergo an immense transformation over the next 25 years, but the outlook is nevertheless positive. By 2050, energy consumption from buildings, transport, and industry will fall by around 40%. These efficiency gains will be mainly driven by increasing electrification.

### Will Belgium become more reliant on electricity imports?

If policy remains unchanged, we will see Belgium's dependence on electricity imports steadily increase, from 50-60 TWh in 2036 to 70-90 TWh in 2050. Without a long-term strategy on the future energy mix and new policy measures, Belgium will therefore become more reliant on electricity imports.

### Is Belgium launching plug-in solar panels for balconies?

Brussels (Brussels Morning Newspaper) - Belgium is launching plug-in solar panels for balconies, starting on April 17, 2025. Energy Minister Zuhal Demir

supports this with an 800-watt limit per household to ensure safety and efficiency. According to the officials, Belgium is making it easier for people to use solar energy.

Can you use solar energy on a balcony in Belgium?

According to the officials, Belgium is making it easier for people to use solar energy. New plug-in solar panels, also called balcony solar panels, are now available. These small panels can be easily put up on balconies, windows, or small outdoor spaces. They mentioned that people who rent or don't have a roof or garden can now use solar energy.
