# **Can I bring outdoor power supply to Maldives**

## Overview

---

Can I use a power adapter in the Maldives?

This means that electrical appliances designed for use in the Maldives will operate at these specifications. If you are traveling to the Maldives with electronic devices from a country with a different voltage or frequency, you will need to use a power adapter and possibly a voltage converter to ensure safe and proper operation of your devices.

Do you need a universal travel adapter in the Maldives?

While many hotels and resorts in the Maldives provide universal outlets to accommodate various plug types, it's always wise to carry a universal travel adapter. These adapters are readily available in most travel accessory stores and can be a lifesaver when you need to charge multiple devices simultaneously.

Do you need a voltage converter in the Maldives?

For devices that operate on a different voltage (e.g., 110V), a voltage converter may be necessary to prevent damage to your electronics. While many hotels and resorts in the Maldives provide universal outlets to accommodate various plug types, it's always wise to carry a universal travel adapter.

What type of plug is used in Maldives?

Not to worry, we have all the information you need to ensure a problem-free trip. What type of plug is used in Maldives power outlet?

The power plugs and outlets used in Maldives are the type D and G plugs. Type D plugs have three round pins arranged in a triangular pattern.

What is the supply voltage in the Maldives?

In the Maldives the supply voltage is 230V. If the appliance is a single voltage

rated appliance, it will need to operate at the same voltage as the supply voltage of the country i.e. 230V. If this is not the case it should be used alongside a voltage transformer or converter to allow the appliance to work safely and properly.

How does a travel adapter work in Maldives?

This travel adapter is designed to power multiple devices simultaneously, thanks to its multiple USB ports and a standard socket. This makes it perfect for charging your phone, laptop, tablet, camera, and more, ensuring all your essential electronics are ready for use in Maldives and beyond.
