

# **China solar power to battery in Tunisia**

## Overview

---

What is a solar project in Tunisia?

The project is one of the largest solar power projects under development in Tunisia, Xinhua reported. The project is expected to train a large number of local professionals in the fields of new energy construction and operation, which will help introduce China's advanced new energy technology to Tunisia, the Xinhua report said.

How Chinese enterprises contribute to Tunisia?

Chinese enterprises have made significant contributions to Tunisia in infrastructure development, green growth, environmental protection, and talent training, according to the Chinese Embassy in Tunisia. For example, Sichuan Road & Bridge Co is building a new bridge across the Bizerte Canal in the Tunisian city of Bizerte.

Does Tunisia value China's competitive edge in infrastructure development?

In addition to trade, Tunisia values China's competitive edge in infrastructure development. "We see that China has built very strong infrastructure projects and we look forward to getting more Chinese investors in Tunisia. our country stands to benefit from Chinese expertise," he said.

How will China and Tunisia benefit from cooperation?

Meanwhile, Tunisian enterprises are also tapping into China's vast market, catering to Chinese consumers' demand for high-quality, healthy products, Elarbi said, adding that both countries will benefit greatly, provided they continue to work together and expand cooperation.

Is China still a good partner with Tunisia?

Against the backdrop of the complex geopolitical situation, such as rising protectionism, China continues to keep its door wide open, and the cooperation with developing countries, including Tunisia, has yielded fruitful

results.

### Does China trade with Tunisia?

For example, economic and trade relations between China and Tunisia have grown significantly, with China becoming one of Tunisia's major trading partners. In 2023, their bilateral trade reached \$2.27 billion, a 7.1 percent year-on-year increase, according to data from the Chinese Embassy in Tunisia.

## China solar power to battery in Tunisia

### Tunisia

Jul 7, 2009 · Till Stenzel, COO of Nur Energie presented to an audience of over 75 energy professionals and policy-makers its project plans for a first large
