# **Companion 40ah power station in France**

## Overview

---

How much power does a companion Rover 40 Power Station have?

The Companion Rover 40 Power Station is small in size but packs a decent punch, offering 40amp of lithium power in a package that weighs just 6.5kg, which is enough to keep my 47L myCOOLMAN fridge running for just under two full days without a charge. I can charge the power station back up via 240V mains, 12V or solar.

Can a companion Rover power station Power a fridge/freezer?

Designed to provide power when going off-grid, the Companion Rover Lithium 40 Power Station is suitable for powering portable fridge/freezers and other 12V appliances. Its lightweight and compact design makes it a truly portable power source for your next camping or 4WD adventure.

How to use a 40ah power station?

Step 1 . 40AH POWER STATION POWERING APPLIANCES The power station consists of multiple outputs that can be used at the same time. Step 1. Turn on the power station by holding the power button for three seconds. Step 2.

What is the 40ah power station warranty policy?

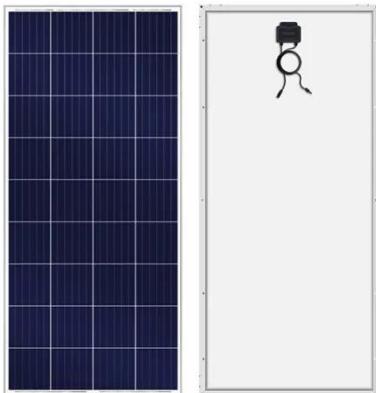

40AH POWER STATION WARRANTY POLICY 1. Products distributed by Adventure Operations Australia Pty Ltd and any of our subsidiaries come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage.

How much power does a companion 200W solar charger produce?

When connecting the Companion 200W Solar Charger to my vehicle's battery, it could produce at best 10amp of output, which is fine by me. Companion claims a maximum output figure of 11.1amp per hour, so it's not far off the money.
