Copenhagen Mobile Photovoltaic Container

Overview

What is a solar PV container?

The Solar PV Container is a containerized solar power solution. It has been designed with the aim of combining solar electricity production and mobility to provide this electricity everywhere around the world.

What is a solar container?

Solar Container 85kWp - 72m long with 150 solar panels. Made to order - approx. 6 weeks delivery time. Our Solar Container is currently the largest, mobile solar power plant unit with the highest power density on the market! The Solarcontainer represents a grid-independent solution as a mobile solar plant.

How many PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. at full power.

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest Panels lays flat on the ground.

What is a mobile photovoltaic system?

That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is

realized through the unique combination of innovative and advanced container technology.

How many solar panels are in a solar container?

Solar Container 120kWp - 100m long with 210 solar panels. Solar Container 103kWp - 86m long with 180 solar panels. Solar Container 85kWp - 72m long with 150 solar panels. Made to order - approx. 6 weeks delivery time. Our Solar Container is currently the largest, mobile solar power plant unit with the highest power density on the market!
