From small residential installations to larger, industrial applications, Victron's products can handle it all. Their products are considered to be some of the best inverters made in the Netherlands. Headquartered in Groenlo, Nedap has been a significant player in the Netherlands' solar industry.

What makes the Netherlands a great country for solar energy?

The Netherlands is renowned for its progressive approach to renewable energy, and this is reflected in the burgeoning solar industry within the country. A key component in the utilization of solar energy is the inverter. Inverters convert DC electricity generated by solar panels into AC electricity that can be used by homes and businesses.

What is the growth rate of the Dutch solar power market?

The Netherlands solar power market is one of the fastest growing solar markets in Europe. In 2020, it managed to deploy 2.93 GW of solar capacity and it marks a growth rate of 40%. This data pushed the cumulative figure of the country's solar market to 10.11 GW. Since 2017, there has been consistent growth for the Dutch solar power market.

What is a solar inverter?

A key component in the utilization of solar energy is the inverter. Inverters convert DC electricity generated by solar panels into AC electricity that can be used by homes and businesses. In this article, we look at the top 6 solar inverter manufacturers in the Netherlands, their history, products, and contributions to the solar industry.

Are solar panels available in the Netherlands?

Solar panel companies are quite abundant in the Netherlands. There is also a growing number of renewable energy manufacturers in the country. The

Netherlands also has easy access to solar energy suppliers for the residential and industrial segments. The Netherlands is one of the most important and largest seaports in Europe.

Who makes Nedap solar inverters?

Nedap's inverters are known for their high efficiency and durability. With a global presence, Nedap continues to innovate and provide solutions tailored to a range of applications from residential to utility scale. GoodWe Benelux is the Netherlands-based subsidiary of GoodWe, a global leader in the solar inverter industry.
