Zealcon provides a variety of curtain wall systems, including glass curtain walls for expansive visibility and aluminum curtain walls for lightweight and minimalist designs. We also offer customized solutions to meet specific architectural needs and client preferences. How much does it cost to install a

curtain wall in Dubai?

.

What is a curtain wall?

A curtain wall is a non-structural façade that spans across the exterior of a building, typically made of glass, metal, or other materials. Unlike traditional walls that support the building's structure, curtain walls are designed to provide aesthetic appeal, weather protection, and insulation without bearing any load from the building itself.
