Overview

What is a sand-based thermal energy storage system?

Photograph by Polar Night Energy. Based in Tampere, Polar Night Energy Oy has developed a sand-based thermal energy storage system that efficiently stores heat generated from renewable energy while minimizing costs. The system converts electricity into thermal energy, which is then stored within a large mass of sand.

Are innovative energy storage solutions growing international demand?

According to Business Finland's Tuukka Vainio, innovative energy storage solutions are seeing growing international demand. "Polar Night Energy's current solution is already scalable for export - particularly to countries with a heating demand.

What is polar night energy sand-based thermal energy storage?

Polar Night Energy is currently developing a new feature for its sand-based thermal energy storage system that enables stored heat to be converted back into electricity. This innovation, known as Power-to-Heat-to-Power, has sparked interest across Europe and among Finnish energy companies.

How has business Finland benefited from internationalization services?

Internationalization services, including strategy workshops, networks, and leads, have been actively utilized. The company has also benefited from EU funding advice, energy aid, and R&D funding. "The company used Business Finland's energy aid to enable its first commercial-scale investment in Pornainen.

How has polar night energy benefited from business Finland?

Polar Night Energy has leveraged Business Finland's support extensively. Internationalization services, including strategy workshops, networks, and leads, have been actively utilized. The company has also benefited from EU

funding advice, energy aid, and R&D funding.

Why is Business Finland funding a power-to-heat-to-power innovation?

CEO Tommi Eronen, CTO Markku Ylönen, and their roughly 20-member team are now fully focused on advancing the Power-to-Heat-to-Power innovation. The latest funding round allowed the team to expand and provides the foundation for the next phase of development. Business Finland's funding is crucial in enabling the development of new technology.

Energy storage solution in Tampere Finland

Enico Delivers Multi-Million Energy Storage ...

Mar 2, 2025 · Enico's energy storage systems in Valmiera, Latvia. Driven by the energy transition, Enico has grown rapidly in recent years, reaching nearly EUR10 ...

Finland Tampere Industrial Energy Storage Equipment

May 12, 2025 · In the heart of Finland's industrial hub, Tampere has become a hotspot for energy storage solutions tailored for factories and manufacturing plants. With industries consuming ...

About Tampereen Energia

Tampereen Energia is a driving force. In 1882, an electric light was switched on for the very first time in Tampere in Finlayson's weaving hall. Today, Tampereen ...

World's first commercial sand battery begins ...

Jul 6, 2022 · Polar Night Energy says it's developed and commercialized a super-cheap, super-simple way of storing energy for anywhere between hours and

...

Top 51 Energy Storage Companies in Finland (2025) , ensun

Helen is a major energy company in Finland that emphasizes its commitment to carbon-neutral energy production through innovative strategies, including energy storage. Their diverse ...

Harnessing Solar Power in Tampere Energy Storage

Discover how Tampere, Finland's third-largest city, is leveraging photovoltaic systems and advanced energy storage to combat climate challenges. This article explores practical ...

Finland Tampere Industrial Energy Storage Equipment

May 12, 2025 · Why Tampere Leads in Industrial Energy Innovation? In the heart of Finland's industrial hub, Tampere has become a hotspot for

energy storage solutions tailored for ...

Energy storage factory supporting photovoltaic power station in Tampere

Is energy storage a viable solution for the Finnish energy system? This development forebodes a significant transition in the Finnish energy system, requiring new flexibility mechanisms to cope ...

Battery energy storage company in Tampere Finland

Where will Taaleri Energia invest in a battery energy storage system? Taaleri Energia announces its first battery energy storage system investment Taaleri Energia will invest in a 30 MW / 36 ...

Top 31 Battery Storage Companies in Finland (2025) , ensun

Ensto Building Systems specializes in

electrification products and solutions, including electric vehicle charging, which is relevant to battery storage. With over 60 years of experience, the ...

Battery energy storage power station in Tampere Finland

Where will Taaleri Energia invest in a battery energy storage system? Taaleri Energia announces its first battery energy storage system investment Taaleri Energia will invest in a 30 MW / 36 ...

Energy Storage Battery Services in Tampere Finland ...

Mar 4, 1983 · As Finland pushes toward carbon neutrality by 2035, Tampere has emerged as a hub for innovative energy solutions. Energy storage batteries are revolutionizing how ...

TheStorage secures EUR1 million investment to decarbonise ...

Oct 17, 2024 · TAMPERE, FINLAND -- TheStorage, a member of Platform6 since October 2023, has successfully

closed a EUR1 million funding round to accelerate its mission of decarbonising

...

Top 51 Energy Storage Companies in Finland (2025) , ensun

Heliostorage specializes in efficient energy storage, particularly through their innovative thermal energy storage solutions that help reduce carbon emissions and energy costs. By capturing ...

Energy Stored in Sand - Polar Night Energy ...

May 21, 2025 · Based in Tampere, Polar Night Energy Oy has developed a sand-based thermal energy storage system that efficiently stores heat generated ...

Ren-Gas Selects Man Energy Solutions' Methanation ...

Jan 26, 2025 · Ren-Gas, the leading green hydrogen and e-methane project developer in Finland, has announced the

selection of MAN Energy Solution as one of the key technology providers ...

Energy Storage System - YES-EU

Energy Storage Services The energy storage solution is optimal and tailored to the customer's power consumption with modular and flexible energy storage

...

Enico Delivers Finland's Largest Hydropower-Linked Energy Storage

...

May 27, 2025 · Killin Voima Oy, a subsidiary of Koillis-Satakunnan Sähkö, has ordered from the Tampere-based Enico Oy a 6 MW / 12 MWh energy storage system, which will be the largest
