

## SolarGrid Energy Solutions

# Factory price axpert inverter in South-Africa

## Overview

---

What is axpert solar inverter?

Axpert inverters are an MKS sine wave solar inverter equipped with MPPT charge controller to maximize and regulate DC power from the solar array for charging the battery bank. Transformerless design provides reliable power conversion in a compact size.

Which inverter systems are available in South Africa?

PHD has the widest range of Inverter systems in south africa, and the southern african region, we have both pure and modified sinewave inverter systems, with and with out battery chargers. We offer Victron Range aswell as the state of the are super home (ST2X) range and the Studer range of inverters directly from Studer Switzerland.

What is an Axert inverter?

The Axpert inverter range offers an “All in one” solution to your off-grid solar power solutions. Built-in MPPT. Axpert Inverters Cape town.

What is a Xpert inverter?

The Axpert inverter range offers an “All in one” solution to your off-grid solar power solutions. Its comprehensive LCD display offers user-configurable and easy-accessible button operation such as battery charging current, AC/solar charger priority, and acceptable input voltage based on different applications.

Which axpert inverter is compatible with my mains voltage?

Axpert inverters Cape Town come with configurable AC/Solar input priority via LCD setting allows you to make the changes you need. This inverter is compatible with your Mains Voltage or Generator Power.

How many inverters are there?

There are 32 products. Built-in DC output for DC fan, LED bulb, router and so on. Inverter can run without battery, if solar input > 150V. Single inverter only. Zero transfer time to protect mission-critical loads such as servers and ATM.
