Factory price solar powerbox in Malta

Overview

Why should you choose SunPower solar panels in Malta?

SunPower solar panels in Malta are the best in Malta and the world. They can help you reduce your electricity bills and carbon footprint while providing a sustainable lifestyle for years to come.

Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

Which solar panels do you use at Panta?

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

Which solar panel brands does Renergy work with?

Renergy works with the best solar panel brands, including QCells from Germany, LG, and Sunpower from the United States.

Can Renergy install a solar PV system?

Renergy can install solar PV systems to your home, office, or factory. They are experts in the installation of renewable energy solutions and cover both commercial and domestic properties, as well as smaller or large projects.

How does Panta support my solar system?

From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution. Under certain conditions, you may also be eligible for a government

subsidy when purchasing a solar electricity generation system.
