

SolarGrid Energy Solutions

Finished distribution cabinet container base station

Overview

What is a small distribution substation?

Smaller distribution substations are subdivided into container-sized modules, which can be manufactured, assembled and tested at the factory, allowing easy transport and fast installation and commissioning at site.

How does a pre-fabricated building benefit a substation?

The pre-fabricated building shelters the equipment from environmental influences, thus increasing substation availability and reliability. Fences can be omitted, which simplifies permitting, while enhancing the substation's aesthetic appearance.

Why is Hitachi energy developing a pre-fabricated Indoor Substation?

Customers requiring shorter overall delivery times and minimal on-site work have been the main drivers for Hitachi Energy's development of pre-fabricated indoor substations.

Finished distribution cabinet container base station

E-House-Prefabricated Substation, Skids and ...

6 days ago · E-Houses are customized, prefabricated substation (pre-assembled, pre-tested) modular power substations. Providing electrical power - to ...

Elsta Mosdorfer

Elsta Mosdorfer's special manufacturing process uses hot pressed, glass fibre reinforced composites. This makes the finished distribution cabinets particularly UV- and weather ...

12.8V6Ah
Nominal voltage (V):12.8
Nominal capacity (Ah):6
Rated energy (Wh):76.8
Maximum charging voltage (V):14.6
Maximum charging current (A):6
Floating charge voltage (V):13.6~13.8
Maximum continuous discharge current (A):10
Maximum peak discharge current @10 seconds (A):20
Maximum load power (W):100
Discharge cut-off voltage (V):10.8
Charging temperature (°C):0~+50
Discharge temperature (°C):-20~+60
Working humidity: <95% R.H (non condensing)
Number of cycles (25 °C, 0.5C, 100%DoD): >2000
Cell combination mode: 32700-4s1p
Terminal specification: T2 (6.3mm)
Protection grade: IP65
Overall dimension (mm):90*70*107mm
Reference weight (kg):0.7
Certification: UN38.3/MSDS
