# Hetong 5g base station in Montenegro

**LFP 12V 200Ah**

## Overview

---

Already in the first week of testing, a record data transfer speed of 1648 Mbps was recorded in Montenegro. This speed, for example, allows a viewer to download a two-hour movie in high definition (1080p) from a streaming platform, such as HBO Max used by One user, in about 20.

In the previous period, we provided 5G support for the best-selling smartphone models, so you can use the One 5G network on Apple, Samsung, Xiaomi.

Currently, there are three main telecommunications operators in Montenegro: Telenor, Mtel, and Crnogorski Telekom. These companies provide a range of services.

Does Montenegro have 5G?

M:tel launched its first 5G base station, located in the capital Podgorica, in July 2022. Montenegro, with a population of around 630,000, has mobile services provided by three operators - M:tel, Crnogorski Telekom, controlled by Croatia's Hrvatski Telekom, and One Crna Gora, part of Hungary's 4iG.

Will Montenegrin 5G reach 80% by 2024?

February 2 (SeeNews) - Montenegrin mobile services provider M:tel, part of Telekom Srbija group, said it sees its 5G coverage in the country reaching 80% by the end of 2024. In 2023, M:tel installed base stations at fifty key locations across the country and started their network integration.

How many base stations does M tel have in 2023?

In 2023, M:tel installed base stations at fifty key locations across the country and started their network integration. As a result, the 5G network coverage reached some 30% at the end of last year, the company's director general, Zoran Milovanovic, said in a statement on Thursday.

How many mobile phone subscribers are there in Montenegro?

At the end of 2023, the number of mobile phone subscribers in Montenegro

was up 3.1% year-on-year to 1,312,960, as M:tel had a 36.7% share of total, followed by Crnogorski Telekom with 36.4% and One with 26.9%. Your complete guide to the emerging economies of Southeast Europe.
