## Overview

---

What are the top rated circuit breaker brands in Australia?

This article gives the top-rated circuit breaker brands in Australia, detailing their origin, reputation, and distributors in the country. One of the best-known brands in Australia is Schneider Electric. The company was founded in France in 1836 by two Schneider brothers who were Adolphe and Joseph-Eugène.

What is a circuit breaker?

Circuit breaker is the most basic component of an electrical system that are used to prevent overloads and faults in circuits. Various brands dominate the Australian market with different histories, strengths, and specializations.

Which circuit breakers are best for DC applications?

Ideal for use in DC applications, these circuit breakers provide reliable protection and can be found from popular brands such as Noark/DKSH. At Tradezone, we offer a wide range of Circuit Breakers DC from leading manufacturers, ensuring you find the perfect solution for your electrical needs.

Who makes ABB circuit breakers?

It was formed in 1988 as a result of the merger between the Swedish ASEA and Brown, Boveri & Cie from Switzerland. The companies trace their roots back to the late 19th century in electrical engineering. The type of circuit breakers produced under the brand ABB is considered high-performance industrial and commercial circuit breakers.

What are the different types of circuit breaker sizes?

There are three types of circuit breaker sizes on a low voltage circuit starting with the smallest Miniature Circuit Breakers (MCB) to Moulded Case Circuit Breakers (MCCB) to Air Circuit Breakers (ACB) for large switchboards. Schneider Electric is the first choice for all your circuit breaker and equipment

needs.

### What type of circuit breaker should I Choose?

By choosing the right type of circuit breaker that is compatible with your system, you ensure optimal level of safety. Miniature Circuit Breakers (MCBs): These are perfect for residential and light commercial use, MCBs protect against overloads and short circuits.
