

## SolarGrid Energy Solutions

# Huawei Communication Energy Storage System

## Overview

---

Introducing the innovative C2C dual-link safety, the Huawei smart energy storage system LUNA2000-215 Series sets a new benchmark for safe and efficient industrial and commercial energy storage solutions, featuring optimal LCOS, low energy consumption, higher reliability & stability, simplified installation, and efficient operation. What is energy storage system products list?

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Why should you buy a Bess system from Huawei?

This flexibility allows the system to adapt to various applications, including peak shaving, self-consumption, and time-shifting. In terms of safety, the new BESS solution from Huawei features an IP55 protection rating, making it resistant to dust and water splashes, even in outdoor environments.

How safe is Huawei Bess?

In terms of safety, the new BESS solution from Huawei features an IP55 protection rating, making it resistant to dust and water splashes, even in outdoor environments. Additionally, the system is designed to prevent oxygen from entering the battery pack, reducing the risk of internal fires.
