

## SolarGrid Energy Solutions

# Huawei Micro Inverter Assembly

## Overview

---

What is a Huawei inverter?

Huawei inverters are becoming a benchmark for solar energy in residential and commercial applications. Huawei is a well-known brand in the solar energy sector.

Are Huawei solar inverters made in Australia?

Although the Huawei solar inverters deployed into testing were US models, it can be reasonably assumed that the models sold in Australia adopt the same or similar technology. As many Huawei inverters are manufactured in China, this enables them to be sold at a cheaper price in comparison to European manufactured competitors.

Does a Huawei inverter have a phone number?

Yes, there is a phone number for Huawei inverters. Also, for those of you waiting for the 5 and 6kW three phase hybrid inverters, they won 'Best inverter' at Intersolar 2019 and will be landing mid October with an RRP of \$2,000.
