# Ippon uninterruptible power supply

## Overview

---

Who makes ippon power supplies?

The company Ippon (Krasnogorsk), founded in 2001, specializes in emergency power supplies for computer systems and medical equipment. The company offers high-quality products from the world's leading manufacturers of computer components and electronics.

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS), with a 1kVA/600W capacity and line interactive design, provides battery backup for computers, servers, and office networks. It has a 220V/120V AC output voltage and is brand new, high quality, and inexpensive.

What makes ippon unique?

The company is constantly updating its product range to offer its customers the newest and most modern products. The logistics concept of Ippon consists in the constant availability of uninterruptible power supplies and battery cabinets in a warehouse in Russia.

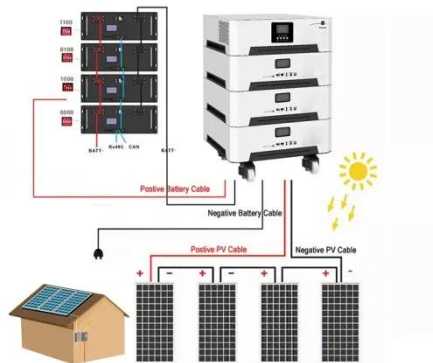

Why should you choose IPON?

IPPON More than 12 years NEW TECHNOLOGIES GROUP has been supplying uninterruptible power supplies, power distribution units, voltage stabilizers, batteries, surge protectors, laptop adapters, ups accessories. Our extensive expertise and using components from leading manufacturers is the main reason why the customers choose us.
