

## SolarGrid Energy Solutions

# Israel outdoor power supply outlet

## Overview

---

In Israel, they use Type H power plugs and outlets. The voltage is 230V, and the frequency is 50Hz. Need a travel adapter?

Yes, you do need a travel adapter Need a voltage converter?

What is the standard voltage of a power outlet in Israel?

The standard voltage is 230 V and the standard frequency is 50 Hz. In Israel, power outlets conform to multiple types including type C, type H, and type M. Type C sockets have two round pins and are commonly found in Europe. Type H sockets have three rectangular pins in a triangle shape and are unique to Israel.

What are the different types of power outlets in Israel?

In Israel, power outlets conform to multiple types including type C, type H, and type M. Type C sockets have two round pins and are commonly found in Europe. Type H sockets have three rectangular pins in a triangle shape and are unique to Israel. Type M sockets have three round pins and are used for appliances with higher power consumption.

Are there electrical outlets in Israel?

No, the electrical outlets in Israel are different from those in the United States. In Israel electrical outlets of types C & H are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Israel?

The electrical outlets and power plugs in Israel are of types C & H (see images).

What is the voltage of a plug in Israel?

Just like the rest of the Middle East and Europe, the voltage in Israel is 230 volts and the frequency is 50 Hz. Israel has standardized on type H sockets and plugs. Nowadays, type C plugs can also be used thanks to their

compatibility with type H sockets. This was not the case before 1989, when the Israeli plug still had flat prongs.

What is the electric plug in Israel?

Are you planning a trip to Israel and wondering what the Electric Plug is in Israel and if you need a travel adapter?

the short answer is: In Israel the electric plugs and sockets are of types C, H and M. The standard voltage is 230V, and the standard frequency is 50Hz.

What type of plug sockets are used in Israel & Palestine?

Type H plug sockets are used in Israel and Palestine. They have two round pins and a grounding pin. These plugs are typically used with devices that have a voltage of 230V. Type M plug sockets have three round pins, similar to type D plug sockets. These plugs are typically used with devices that have a voltage of 230V.
