

## SolarGrid Energy Solutions

# Lisbon Energy Storage Project

## Overview

---

Does Portugal need energy storage?

From ESS News Portugal is seeking to promote flexibility and balance its power system with energy storage as it continues to break records for solar energy production. To this end, the country's Ministry of Energy announced on Wednesday that it has allocated €99.75 million (\$107.6 million) in a bid to support 500 MW of energy storage projects.

How much will Portugal spend on energy storage & grid flexibility?

The Portuguese Ministry of Energy has allocated €99.75 million (\$107.6 million) for grid flexibility and energy storage projects which should be installed by the end of 2025. From ESS News Portugal is seeking to promote flexibility and balance its power system with energy storage as it continues to break records for solar energy production.

What does Portugal's energy storage tender mean for the energy transition?

Portugal's government has announced the outcome of an energy storage tender that will see the installation of 500 MW of energy storage capacity to support the country's energy transition. Energy storage battery. Photo by Anna Vasileva.

Does Powin have a Bess project in Portugal?

The BESS project Powin and Hitachi deployed for Galp in Portugal. Image: Powin / Hitachi / Galp. System integrator Powin has completed a 5MW/20MWh BESS project co-located with solar in Portugal for Galp, an oil, gas and renewables company.

Is Europe ready for energy storage?

Europe is expected to deploy over 90 GWh of utility-scale battery energy storage projects by 2030, and we are well positioned to support this demand along with the wider EMEA region's rapid energy storage growth," said Powin

CEO, Jeff Waters.

Which solar-plus-storage projects are available for public consultation?

The projects listed for public feedback on the government's consultation portal include two solar-plus-storage sites. Two solar-plus-storage projects are among five planned renewable energy sites whose details have been published for public consultation on the Portuguese Environment Agency's Participa portal.
