Lithium power station factory in Jakarta

Overview

JAKARTA: A lithium-ion battery plant by an Indonesian company and China's CATL is expected to be in operation by the end of 2026 with initial capacity of 6.9 gigawatt hours, an Indonesian official said on Sunday. When will a lithium-ion battery plant be open in Indonesia?

Handout / PRESIDENTIAL PALACE/AFP JAKARTA: A lithium-ion battery plant by an Indonesian company and China's CATL is expected to be in operation by the end of 2026 with initial capacity of 6.9 gigawatt hours, an Indonesian official said on Sunday.

Will China build a lithium-ion battery plant in Indonesia?

China's REPT Battero has revealed plans to build a lithium-ion battery plant in Indonesia, targeting 8 GWh of annual production capacity in the first phase. From ESS News Hong Kong-listed REPT Battero has announced plans to invest in a new battery production facility in Indonesia.

Why is Indonesia a leader in the lithium battery industry?

In 2024, Indonesia stands at the forefront of the rapidly evolving lithium battery industry, catalyzed by its significant reserves of raw materials essential for battery production and a growing focus on renewable energy sources. As Southeast Asia's largest economy, Indonesia has strategically positioned itself as a.

Where is Indonesia's New battery plant located?

The battery plant, located in Karawang, West Java, represents a \$5.9 billion investment. Key stakeholders include Indonesia Battery Corporation (IBC), mining giant Aneka Tambang, CATL, Brunp Recycling (a CATL subsidiary), and Chinese battery materials producer Lygend Resources. The facility is designed with capacity of up to 15 gigawatts (GW).

Who is supplying power batteries in Indonesia?

The production would be supplied to both domestic and foreign markets. A \$6 billion power battery project agreed upon in 2022 by Indonesian enterprises, including state miner PT Aneka Tambang Tbk, opens new tab, and a CATL consortium includes the partnership between Indonesia Battery Corp and the Chinese behemoth Contemporary Amperex Technology Co.

Will PT Rept battero build a battery factory in Indonesia?

Image: REPT via LinkedIn Chinese battery manufacturer Rept Battero has announced plans to develop an 8GWh gigafactory in Indonesia specialising in lithium-ion cells for battery energy storage systems (BESS). Rept Battero's non-wholly-owned subsidiary, PT Rept Battero Indonesia, will invest in and construct the Indonesian Battery Factory.
