

SolarGrid Energy Solutions

Main communication base station inverter in Taipei

Overview

Will Taiwan build the first 5G mmWave Smart Factory?

According to the MOEA 5G Office, the government's goal is not only to build Taiwan's first 5G mmWave smart factory, but also to introduce small cell base stations provided by Taiwan-based companies for the first time, which will greatly enhance the competitiveness of Taiwan's network communication industry.

What is Taiwan's first independent micro-cell base station system?

To address these needs, ITRI has developed Taiwan's first independent micro-cell base station system. This system incorporates key technologies such as massive multiple-input multiple-output (Massive MIMO) modules and high-power modules and control.

What is a 5G O-ran micro-cell base station?

Unlike the small cell product development currently predominant in Taiwan's network communication industry, this 5G O-RAN micro-cell base station system overcomes challenges including heat dissipation, signal distortion, and beamforming.

How to promote the development of Taiwan's 5G industry?

In order to promote the development of Taiwan's 5G industry, the 5G Technology Program Office of the Department of Industrial Technology, Ministry of Economic Affairs (MOEA 5G Office) calls on local and foreign industry leaders to jointly build Taiwan's first smart factory based on 5G mmWave private network.

Will ASE build a 5G mmWave Smart Factory in Taiwan?

ASE is building Taiwan's first 5G mmWave Smart Factory which will introduce three major applications across AI + AGV smart transportation, Remote AR Assistance and Education Center AR Experience.

What mmWave bandwidth does Chunghwa Telecom have?

In Taiwan, Chunghwa Telecom has the maximum continuous mmWave bandwidth of 600MHz and is committed to technological R&D focusing on five major areas: 5G, IoT, AI, information security and big data.

Main communication base station inverter in Taipei

Power Ic company list in Taiwan

Bae-Shin, Taipei, Hsin-Tien, Taiwan,231
we are the MCU's agent of Megawin in
Taiwan, main product is flash base MCU
