# Mozambique HJ Communication 5g Base Station Project 2025 Project

## Overview

---

Where is Mozambique Telecom launching a 5G mobile network?

Yaoundé - Cotonou - Lomé - Dakar - Abidjan - Libreville - Genève (Ecofin Agency) - In the next few months, Mozambican telecom operator Mozambique Telecom (Tmcel) will proceed to the commercial deployment of the fifth-generation (5G) mobile network with the technical expertise of China's Huawei.

Why did Huawei invest in 5G in Maputo in 2021?

In June 2021, a USD 23 million expansion contract was signed with Huawei to test the 5G in Maputo. The investments reflect Tmcel's ambition to conquer the national telecom market, which it entered in January 2019 thanks to a merger between Telecomunicações de Moçambique (TDM) and Mozambique Cellular (Mcel).

How will 5G affect tmcel?

Hence, TMCEL hopes the 5G will open new revenue opportunities in the consumer and enterprise markets. For Manuela Rebelo, Deputy Minister of Transport and Communications, 5G will bring great changes to public and private services, boosting the country's economic development.

Is tmcel ready to fast-track 5G rollout at scale?

" We are ready to fast-track the rollout of the commercial 5G network at scale," he said. The project is part of Tmcel's network upgrade and expansion program ongoing since 2019. In June 2021, a USD 23 million expansion contract was signed with Huawei to test the 5G in Maputo.

## Mozambique HJ Communication 5g Base Station Project 2025 Project

### Tmcel Launches 5G Technology in Partnership with China's ...

Mar 28, 2022 · At the event, held in partnership with Huawei, a Chinese company that is implementing the project, the deputy minister of Transport and Communications, Manuela ...
