New Energy Storage Product Launch Plan

Overview

What is the implementation plan for the development of new energy storage?

In January 2022, the National Development and Reform Commission and the National Energy Administration jointly issued the Implementation Plan for the Development of New Energy Storage during the 14th Five-Year Plan Period, emphasizing the fundamental role of new energy storage technologies in a new power system.

What is China's new energy storage plan?

The plan said that the new-energy storage industry is a key source of support for advancing the construction of a manufacturing powerhouse and promoting the efficient development and utilization of new-energy resources. By 2027, China aims to cultivate three to five leading enterprises in the ecosystem.

What is MIIT's new energy storage plan?

The plan, jointly issued by eight departments including the Ministry of Industry and Information Technology (MIIT) on Monday, seeks to foster high-quality development in the new-energy storage manufacturing.

How will China's new-energy storage industry grow by 2027?

Photo: VCG China has unveiled an action plan to boost full-chain development of the new-energy storage manufacturing industry, aiming to expand leading enterprises by 2027, enhance innovation and competitiveness, and achieve high-end, intelligent and green industry growth.

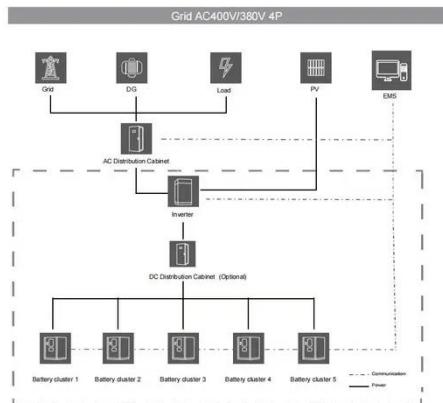

How much money did energy storage companies raise in 2022?

In 2022, they accounted for 90% of global energy storage-related fundraising deals (China for 46%, the US for 31%, and Europe for 13% respectively), raising USD 2.9 billion, USD 2 billion, and USD 800 million, respectively (Figure).

How can China improve the value chain of new-energy storage manufacturing?

To enhance support for the value chain of relevant manufacturing enterprises and foster a service-oriented manufacturing model, China seeks to drive the extensive adoption of next-generation information technologies, including blockchain, big data, artificial intelligence and 5G, within the new-energy storage manufacturing sector, the plan said.

New Energy Storage Product Launch Plan

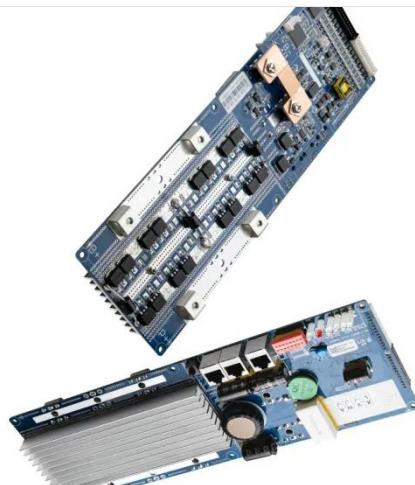

How to Start an Energy Storage Business in 9 Steps?

Apr 4, 2025 · Ready to launch your energy storage business? This guide provides a step-by-step checklist to help you navigate the process and achieve success.

Energy Department Pioneers New Energy ...

Aug 7, 2024 · The Department of Energy's (DOE) Office of Electricity (OE) is pioneering innovations to advance a 21st century electric grid. A key ...

Overview of New Energy Storage Developments

Mar 6, 2024 · Chart: Trend of market share of different technologies in the new installation of new energy storage from 2023 to 2030 (Unit: %) Percentage of ...

UK unveils long-duration energy storage (LDES) ...

Jan 10, 2024 · The UK government has launched its consultation on its proposals for kickstarting investment into long-duration energy storage (LDES).

Nandu Power Unveils Next-Generation Energy ...

Apr 10, 2025 · Appointment , Launch of Nandu Power 's Next-Generation Energy Storage Products The launch event for Nandu Power's next-generation energy

...

China unveils measures to bolster new-type energy storage

Feb 18, 2025 · According to an action plan jointly issued by the Ministry of Industry and Information Technology and seven other government organs, the new-type energy storage ...

World's 1st 8 MWh grid-scale battery with 541 ...

Sep 9, 2024 · Envision Energy launched its latest energy storage system with a record energy density of 541 kWh/m², setting a new industry standard.

Exploring 10 Product Launch Success Strategies (Examples)

Jul 8, 2025 · In this guide, you'll find a 10-step checklist for product launch success, covering everything from market research to post-launch performance review. Follow these steps to ...

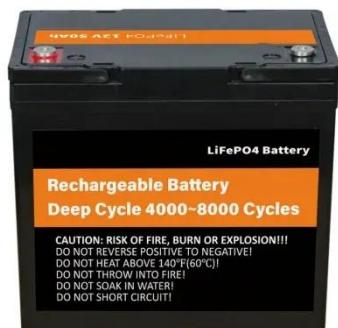

Energy Storage Systems (ESS) Overview

4 days ago · This obligation shall be treated as fulfilled only when at least 85% of the total energy stored is procured from Renewable Energy sources on an ...

product launch Archives

Energy-Storage.news Premium sits down with Helena Li, executive president at Trina Solar, to discuss the launch of Elementa 2, the group's new integrated

battery storage solution.

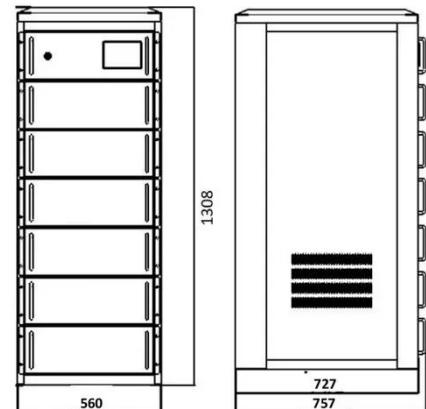

China unveils measures to bolster new-type energy storage ...

Feb 17, 2025 · The document underlined the importance of supporting upstream and downstream enterprises in the new-type energy storage manufacturing sector to optimize their energy ...

China unveils measures to bolster new-type ...

Feb 18, 2025 · Chinese authorities unveiled several measures on Monday to promote the new-type energy storage manufacturing sector, as part of efforts

...

Product management for Energy Storage

Aug 17, 2025 · Learn the essential skills and strategies for effective product management in the energy storage industry.

Introducing ENDURIUM: Transforming Grid ...

Dec 3, 2024 · Invinity today unveils its fourth-generation vanadium flow battery, optimising our proven product platform for large-scale energy storage.

China unveils measures to bolster new-type energy storage ...

Feb 17, 2025 · According to an action plan jointly issued by the Ministry of Industry and Information Technology and seven other government organs, the new-type energy storage ...

PURE Set to Enter Energy Storage Market with New Product ...

Mar 17, 2025 · PURE Energy is expanding its footprint in the renewable energy sector with the launch of PuREPower, a new product line focused

on energy storage solutions designed to

...

BYD launches next-gen energy storage system ...

Apr 11, 2024 · The new energy vehicle (NEV) giant today announced the launch of the energy storage system, an upgraded version of the MC Cube it ...

Tesla to build new Megafactory in Shanghai

Jul 12, 2025 · US carmaker Tesla Inc announced Sunday that it will build a new Megafactory in Shanghai, which will be dedicated to manufacturing the ...

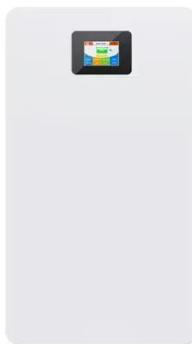

INTEGRATED DESIGN

EASY TO TRANSPORT AND INSTALL,
FLEXIBLE DEPLOYMENT

Shanghai's Action Plan to Promote High-Quality Innovation ...

The plan states that by 2025, new energy storage will move from demonstration applications to the initial stage of commercial applications and

then to large-scale development, and the ...

14th Five-Year Plan: New Energy Storage Development Implementation Plan

This document identifies energy storage as a key element of the decarbonisation of the sector and support energy security. It promotes the high-quality and large-scale development of new ...

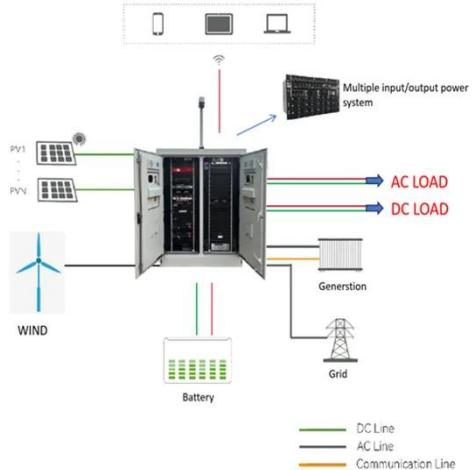

Beijing releases ambitious plan for new-type energy storage

Feb 18, 2025 · On Monday, eight ministries - led by the industry regulator (MIIT) and macro planner (NDRC) - issued an action plan to promote the manufacturing of new-type energy ...

ETN News , Energy Storage News , Renewable ...

3 days ago · ETN news is the leading magazine which covers latest energy storage news, renewable energy news,

latest hydrogen news and much more. ...

World's First Mass-Producible! CATL Launches 9MWh Ultra ...

May 12, 2025 · On May 7th, 2025, CATL has unveiled the world's first mass-producible 9MWh ultra-large-capacity energy storage system solution, TENER Stack, setting a new industry ...

Solaredge Unveils Next Generation All One ...

Sep 10, 2024 · Ronen Faier, Interim Chief Executive Officer of SolarEdge: "Our next generation integrated solar and storage solution is based on our vast ...

New energy storage to see large-scale development by 2025

Mar 2, 2022 · China aims to further develop its new energy storage capacity, which is expected to advance from the initial stage of commercialization to

large-scale development by 2025, with

...

New Energy Storage Technologies Empower Energy ...

Sep 6, 2024 · Shanghai-headquartered Envision Energy launched its latest grid-scale energy storage system at the third Electrical Energy Storage Alliance ...

Envision Energy Unveils Next-Gen Liquid-Cooled Energy Storage ...

May 8, 2025 · Envision Energy, a global green technology leader, has unveiled its next-generation EN 8 Pro 8MWh DC Liquid-Cooled Energy Storage System at Smarter E Europe 2025. ...

China to boost new-energy storage

...

Feb 17, 2025 · China has unveiled an action plan to boost full-chain development of the new-energy storage manufacturing industry, aiming to

expand leading ...

product launches Archives

With the RE+ clean energy expo in Las Vegas, US, coming to an end, we bring you a roundup of the major energy storage product announcements, including from Hithium, Sunwoda and ...

New Energy Storage Technologies Empower Energy ...

Aug 3, 2025 · Foreword Stepping up efforts to develop new energy storage technologies is critical in driving renewable energy adoption, achieving China's 30/60 carbon goals, and establishing ...
