

SolarGrid Energy Solutions

Outdoor portable power bank 20Ah

Overview

What size power Bank do I Need?

This will dictate what size power bank you need in terms of battery capacity, which is usually measured in milliamp hours (mAh). To help you out, note that it typically takes 2,500 to 3,500mAh to charge a modern smartphone (though many factors can affect power consumption).

Does ansmann powerbank have a USB-a port?

Alongside the USB-A port, the ANSMANN Powerbank also has a Type C and a micro-USB port integrated. Energy is fed from the USB or Type C connections to your smartphone and/or tablet via charge cable. All ports support end devices that are capable of being quick-charged with the fastest possible charging.

What is a power bank & how does it work?

This standard classifies the degree of protection provided against intrusion, dust, accidental contact and water. As well as being impact and water-resistant, power banks specifically designed for the great outdoors often have LED lights, so they can be used as torches.

How does the ansmann powerbank work?

Thanks to the compact construction, the light energy store can fit in the pocket of any jacket, trousers or handbag. Alongside the USB-A port, the ANSMANN Powerbank also has a Type C and a micro-USB port integrated. Energy is fed from the USB or Type C connections to your smartphone and/or tablet via charge cable.

Do you need a waterproof power bank?

In damp, humid conditions or on expeditions you might need a waterproof and rugged power bank, which can cope with moisture or even complete immersion as well as bumps and knocks. If so, look for a product with a

certified IP (International Protection) rating, which is usually expressed as two letters or numerals, e.g. IPX6 or IP67.

What is the smallest power bank?

The smallest power bank on test, the Biolite Charge 20 weighs under 200g and slides easily into a pocket. It has a 5,200mAh capacity – enough for about two smartphone charges. It is easy to operate. There's just a single button that lights up a four-LED indicator telling you how much juice is left.
