

**SolarGrid Energy Solutions**

# **Philippines special energy storage battery custom manufacturer**

## Overview

---

Can battery energy storage systems transform business in the Philippines?

Battery Energy Storage Systems have the potential to transform how commercial and industrial companies in the Philippines manage their energy needs. With benefits ranging from cost reduction to energy supply stability, BESS is a compelling solution. While the initial investment may vary, the long-term advantages are undeniable.

Who provides fractionalized battery energy storage?

We are partnered with NexVolt, the first in the Philippines to provide fractionalized Battery Energy Storage. NexVolt, through their cutting edge technology, ensures even Small Medium Enterprises (SMEs) can adopt inexpensive battery energy storage systems and kickstart their journey towards energy independence. [Click Here For A Free Assessment!](#).

What makes PBI the best battery company in the Philippines?

Moreover, PBI has established strong partnerships with local and international firms, enhancing their capability to innovate and stay ahead in the market. Located in Davao, Mindanao Energy Systems Inc. is another top contender in the Philippines' battery market, specializing particularly in lithium ion batteries and solar battery systems.

What is Masinloc battery energy storage?

We started our venture into battery energy storage technology in 2018 when we acquired the 10 MW Masinloc Battery Energy Storage System (BESS) of the Masinloc Power Plant from AES Philippines. The Masinloc BESS is the first battery energy storage facility in the Philippines and one of the first in Southeast Asia.

Why should you choose a battery company in Manila?

Companies in Manila are well-placed to manage imports of raw materials such

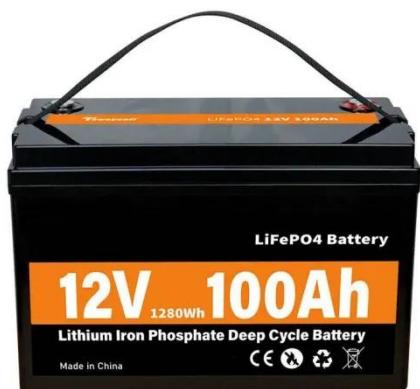

as lithium, necessary for the production of lithium ion batteries, and to export finished products globally. Founded in the early 2000s, Philippine Battery Incorporated has grown to become one of the leading battery manufacturers in the Philippines.

### Where to buy lithium ion batteries in Manila?

Located in Manila, PBI specializes in a wide range of battery technologies, with a strong focus on lithium ion batteries. Their product lineup includes everything from 12v lithium batteries to 48v lithium ion batteries, catering to both consumer electronics and industrial needs.
