Who is solarbox?

SolarBox s.r.l. is a leading Italian company in the photovoltaic market for the design and production of string combiner boxes for both new build and retrofit utility-scale solar power plants, as well as for residential and commercial installations. All products are supervised by qualified personnel, from design to marketing and technical support.

Where are combiner boxes made?

Our combiner boxes are assembled in Italy using world-leading manufacturers' components, including enclosures, fuses, SPD devices, switch disconnectors and string connectors. Our products represent a solid investment as they guarantee excellent plant performance.

What is combination box ENF solar?

Combiner Box ENF Solar is a definitive directory of solar companies and products. Information is checked, categorised and connected. Company profile for Combiner Box manufacturer SolarBox Srl - showing the company's contact details and products manufactured.

What is a DC combiner box?

Our DC combiner boxes offer users the possibility to integrate short-circuit and overvoltage protection, as well string monitoring solutions (I,V, T and SPD and switch isolator status), for PV systems using central inverters with PV panels in trackers and fix tilt systems.

How are PV DC combiner boxes tested?

PV DC combiner boxes are tested according to IEC-61439-2 and are constructed on the basis of the test results as well as assembled for the specific application. This ensures that each of the requirements of the target application is fully met.
