

# **Power generation equipment container in Sao Paulo Brazil**

## Overview

---

What is Brazil's first waste-to-energy project?

The project is the first waste-to-energy project in Brazil, with an installed capacity of 19.1MW. After completion, the solid waste treatment capacity will reach 870 tons per day, which can process waste generated by 740,000 people and provide electricity services for 320,000 people.

What are the major projects undertaken by the government in Sao Paulo?

It has undertaken the construction of the second phase of the Candiota Power Plant, the 500 kV supporting power transmission project of the Trispils Hydropower Station, the Meilishan UHV Project, and the Sao Paulo Power Plant. Metro Line 2, etc.

Will Braskem build a cogeneration power plant in Sao Paulo in 2021?

Braskem, the largest petrochemical company in Latin America, recently entered into an agreement with Siemens to modernize a cogeneration power and steam plant at its Petrochemical Complex in Sao Paulo, Brazil. Completion of the project is expected in early 2021. The picture shows a SGT-600 turbine.

What is a solid waste recycling project in Brazil?

As an innovative and pioneering initiative in Brazil, this project will significantly benefit the community by processing solid waste collected from the municipalities of Barueri, Carapicuíba, and Santana de Parnaíba, part of the São Paulo Metropolitan Region.

Is Kohler Power Systems interested in Brazil?

A recent announcement shows an interest of Kohler Power Systems in Brazil. Brazil has been a strong market for industrial, construction, forestry, and agricultural equipment for a few years now. I am personally very excited about the potential for the power generation and industrial equipment market.

## How will China's powerchina project impact Brazil?

After completion, the solid waste treatment capacity will reach 870 tons per day, which can process waste generated by 740,000 people and provide electricity services for 320,000 people. As one of the earliest Chinese enterprises to enter Brazil, POWERCHINA is also a witness of the comprehensive strategic partnership between China and Brazil.
