# San Jose PV Inverter

## Overview

---

Who installs solar panels in San Jose?

Infinium Solar, Inc. is one of the leading full-service residential and commercial solar installers in San Jose, San Jose, Los Altos, and all surrounding towns.

Who are the top solar companies in San Jose, CA?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in San Jose, CA are Sunergy, Solar Optimum, NRG Clean Power, Demand Construction, and IntegrateSun, LLC.

Is Sunrun a good solar company in San Jose?

Sunrun is another big name you'll likely come across when researching solar leases in San Jose. Sunrun doesn't have a great reputation among customers or solar industry pros, so we don't recommend doing business with this company. What are the best solar companies for zero-down solar loans in San Jose?

.

What is the average cost of solar in San Jose?

The average cost per watt of solar power in San Jose, CA is \$2.33/W. After the federal solar tax credit, the final cost drops by 30%, down to \$14,101 for an 8.64 kW system. Many states also offer local rebates and incentives that can lower the price further.

What are the best Solar Lease companies in San Jose?

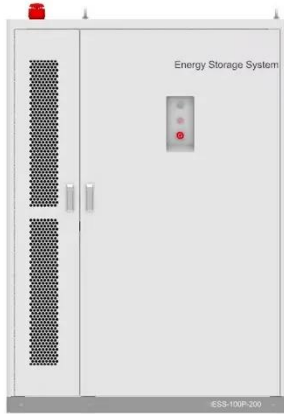

Plus, SunPower guarantees the energy output from the system you lease, which is an additional protection that other companies don't always provide. Sunrun is another big name you'll likely come across when researching solar leases in San Jose.

Are solar incentives a good idea in San Jose?

Solar incentives and rebates can cut the cost of installing solar in San Jose by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.
