

## SolarGrid Energy Solutions

# Shushi New Energy Battery Cabinet

## Overview

---

What is a take-out power exchange cabinet?

The take-out power exchange cabinet created by Hangzhou Leifeng New Energy Technology Co., Ltd. replaces “charging” with “power exchange”. It only takes 10 seconds to easily recharge the electric vehicle and provide a safe and efficient power solution for the rider.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.

What is a thunder wind take-out switch cabinet?

The thunder wind take-out switch cabinet has a built-in fire alarm device, which monitors the switch cabinet 24 hours a day, and immediately extinguishes the fire once a fire occurs, which is safe and secure. The take-out power exchange cabinet created by Hangzhou Leifeng New Energy Technology Co., Ltd. replaces “charging” with “power exchange”.

Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers across a range of industries and applications.

Why should you choose Leifeng take-out switch cabinets?

At present, Leifeng take-out switch cabinets are not only widely used in the real-time distribution industry such as Meituan and Hungry, but also have reached cooperation with multiple police departments in Hangzhou. They have rich operational experience and good market reputation.
