# Sierra Leone Mobile Telecommunications Base Station

## Overview

---

What telecommunications are available in Sierra Leone?

Telecommunications in Sierra Leone include radio, television, fixed and mobile telephones, and the Internet. Radio is the most-popular and most-trusted media source in Sierra Leone, with 72% of people in the country listening to the radio daily.

What does the National Telecommunications Commission do in Sierra Leone?

The National Telecommunications Commission is the sector regulator guided by the Telecommunications Amendment Act of 2015. emerging from civil war, Sierra Leone has a competitive mobile market and is making efforts to improve Internet connectivity.

Is there a radio station in Sierra Leone?

Radio is the most widely accessed broadcast platform in Sierra Leone. Eight out of 10 (81%) Sierra Leoneans have access to radio, and 47% listen to it daily. However, radio listenership is fractured, with no single station able to reach a national audience.

Does Sierra Leone have a competitive mobile market?

emerging from civil war, Sierra Leone has a competitive mobile market and is making efforts to improve Internet connectivity. The Government has facilitated access to wholesale networks and adopted a new telecommunications law that establishes the foundation for deeper infrastructure development and enabling ICT in other sectors of the economy.

How many mobile connections are there in Sierra Leone?

In January 2021, there were 100.1% of the total population, or approximately 7,082,736, mobile connections in Sierra Leone. Note: many people have more than one mobile connection, so figures for mobile connections may exceed 100% of the total population.

## What services does Sierra Leone offer?

Fixed services: Sierra Leone Telecommunications Company (SIERRATEL) is the State-owned incumbent. It has been progressively rebuilding network infrastructure damaged during the country's civil war. SIERRATEL provides fixed-telephone service using copper lines and, more broadly, CDMA wireless local loop.
