## Overview

---

What are solar roof tiles?

Put simply, solar roof tiles are solar panels that look like roof tiles. They convert energy from the sun into usable electricity with the help of photovoltaic cells. Much like solar panels, they comprise semi-conducting materials that generate an electric charge and send it to an inverter and eventually a home and/or solar battery.

What is a goodwe solar roof tile?

The GoodWe Sunshine Series is an integrated solar roof tile solution for pitched rooftops to replace traditional solar panels and framework for a sleek, aesthetically-pleasing result, that also maximises your rooftop space for more solar production. The integrated tempered double-glass structure ensures the safety of the roof structure.

Are solar roof tiles worth it?

Solar roof tiles, also known as solar shingles or solar slates, are a relatively new green energy technology. For those committed to sustainable energy generation and wanting to have a solar-powered home, solar roof tiles are worth considering as an alternative to solar panels. What are solar roof tiles?

Conclusion:.

Are solar roof tiles eco-friendly?

Eco-conscious home and building owners might find Solar Roof tile especially attractive when they are re-laying the tiles anyway since the solar roof tiles also double as functional, protective and weatherproof roof tile in their own right. Also it allows for light to pass through it to give a very vibrant feel inside the home.

Why should you choose Sunshine tiles?

The integrated tempered double-glass structure ensures the safety of the roof structure. Featuring improved roof ventilation and heat dissipation, as well as fast installation, the Sunshine tiles can not only improve solar power generation efficiency, but also help households lower energy costs while reducing their overall carbon footprint.

Is Sunshine a good roofing material?

Sunshine has been certified as a building material and can be used directly for roofing. It is sturdy and durable, with a lifespan that matches that of the building. The Sunshine product offers a complete replacement solution for metal tiles. Meanwhile, it's characterized with architecture aesthetic designed appearance.
