

SolarGrid Energy Solutions

Solar street light high power 30000 watts

Overview

What is the best solar street light?

MHL can achieve 12 hours of full brightness without dimming mode to keep it super bright for the whole night to meet your project needs. FL Series - Super Bright All-in-one Solar Street Light to light up Africa. Classic all-in-one/integrated design, well-favored by the market. By using Cree led chip (150lm/w) with LiFePO4 lithium battery.

Are solar street lights a good idea?

Solar street lights can also be integrated with CCTV cameras for an added security for the people. There are public areas where parents, children and old people love to have recreational activities. Thus, solar powered street lights can help promote safety among park dwellers.

Where should solar street lights be used?

Where solar street lights can be optimally used can be around site perimeters. These areas require a strong source of lighting such as those surrounding buildings, industrial areas, factories, manufacturing plants and power station perimeters as they usually operate 24 hours a day.

Why should you choose Hei solar LED street lights?

HeiSolar focus on developing and manufacturing customized outdoor solar LED lighting systems for a wide range of lighting applications. Integrated solar street lamp promotes safety for drivers as their illuminance is greater than traditional street lights. You can install them effectively on main roads, highways, rural roads, and roadways.

Can solar street lights reduce public utility costs?

Government agencies can potentially reduce their public utility expenses by investing in solar powered street lights for lighting public areas. Solar street lights can also be integrated with CCTV cameras for an added security for the

people. There are public areas where parents, children and old people love to have recreational activities.

What is FL series solar street light?

FL Series - Super Bright All-in-one Solar Street Light to light up Africa. Classic all-in-one/ integrated design, well-favored by the market. By using Cree led chip (150lm/w) with LiFePO4 lithium battery. The adjustable range of the rotating lamp arm is 150° (Sleeve type).
