

SolarGrid Energy Solutions

Solomon Islands Intelligent Communication BESS Power Station

Overview

How many kilowatts of solar will be installed at Solomon power office?

Roof top solar – 220kilowatts at Solomon Power office. This will be commissioned toward end of November end this year. Planned Projects: Plans to acquire land with SDA mission on their land close to SP Lungga Station.

What is the legal framework for environmental and social safeguards in Solomon Islands?

Solomon Islands Legal Framework for Environment and Social Safeguards The Constitution of Solomon Islands recognizes customary rights to ancestral land of the Indigenous population. About 83%4 of land in the country is under customary tenure, with the remainder considered “alienated”.

Who will carry out a consultation on the Honiara East substation?

Carried out by DC Social Safeguards team. The Honiara East substation is located 1 km north of the Henderson site, hence it is expected that similar consultations outcomes would arise. Nevertheless, further consultation with the surrounding community will be carried out by SP prior to issuing the tender for the construction contract.

How much storage capacity will be installed at the Honiara Power Station?

Subproject 1b will install an approximate 4 MW / 4 MWh of storage capacity at the Honiara Power Station, adjacent to an existing 11kV switchboard where electrical integration will occur. Another 5 MW / 20 MWh BESS will be installed with grid-forming battery inverters at the Honiara East substation.

What is subproject 1A - Henderson ground mounted solar?

Subproject 1a - Henderson ground mounted solar. The approximately 1.0 MWp ground-mounted solar photovoltaic (PV) array in Henderson will occupy 1.2 hectares of a 1.32 ha registered in the Honiara Land Registry as Lot 290 of LR 83/R, Parcel number 192-004-255 transferred to Solomon Power (SP) on 30

May 2022.

What were the socio-economic consultations held around the Henderson & Honiara sites?

A socio-economic survey of 100 households around the Henderson and Honiara sites in Guadalcanal and the Ambu site in Malaita was carried out during June – July 2023, which gave rise to opportunities to discuss and to gauge community views of the project. Table 2 below summarizes the consultations held. 1 June 2023; Honiara Hotel. Honiara
