## Overview

---

Who makes Swiss solar modules?

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards . As an internationally recognized premium brand.

Who is Swiss Solar AG?

SWISS SOLAR AG – is a leading and globally active technology company. It is specialized in innovative systems and production of solar cells and solar modules. From simple beginnings, SWISS SOLAR AG has expanded globally. We now sell our products in more than 100 countries. IBEX 132MWT-GR. IBEX 144MHC-Ei. IBEX 144BF-MHC. IBEX 132MHC-Ei.

What is the most powerful solar module in Switzerland?

Find out everything about the M490, our most powerful solar module in Switzerland, which perfectly combines efficiency and aesthetics. Bifacial modules use not only direct sunlight on the front side, but also indirect and diffuse light on the rear side. Your Swiss solar manufacturer for innovative solar modules and photovoltaics.

Who are seetalsolar & younergy?

SeetalSolar joined Swiss Solar Group in early 2023 and is a true local hero, serving cantons Lucerne and Aargau. They are known for not just delivering great quality, but also doing so with a smile. Younergy joined Swiss Solar Group in 2023. An impressive team and the self-declared "customer obsession" make it a pleasure to work with Younergy.

Why should you choose Swiss Solar AG?

The state of the art design of solar the packaging and solar modules makes the product emotionally attractive to the most demanding customers. Stylish

packaging sets the product apart from other producers. To be part of SWISS SOLAR AG is to always be ahead.

What makes Swiss solar unique?

Swiss Solar products are based on innovative technologies: we produce only monocrystalline modules from 9BB to 16BB. Our strategy Swiss Solar strives to expand worldwide to provide customers with quick access to our services and products.
