

SolarGrid Energy Solutions

Tbilisi largest capacity inverter manufacturer

Overview

Which inverter companies are leading the market growth in 2023?

Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume. Sungrow and Huawei tied for first place in the list with outstanding performance.

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

How has the inverter industry changed over the years?

After years of competition, the inverter industry has become quite stable. The overall ranking of the list has not changed much, as most of the leading inverter manufacturers have developed their respective core products, including central inverters, string inverters, micro inverters and energy storage, in a balanced manner.
