## Overview

---

Who is Tu Energy Storage Technology (Shanghai)?

Safe operation and system performance optimization. TU Energy Storage Technology (Shanghai) Co., Ltd., founded in 2017, is a high-tech enterprise specializing in the research and development, production and sales of energy storage battery management systems (BMS) and photovoltaic inverters.

What are Huijue group's energy storage solutions?

Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative base station energy solution.

Why should you choose dauntu energy storage?

There are many stringent requirements on the security and reliability of BMS, and dauntu energy storage has made full preparations. From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner.
