Tokyo solar panels photovoltaic sky

Overview

When will solar panels be required in Tokyo?

Starting April 2025, Tokyo will implement a new regulation requiring solar panels on newly constructed homes. What Is the Mandatory Solar Panel Installation?

Starting in April 2025, Tokyo will require installing solar panels on all new residential buildings.

How many buildings in Tokyo need solar panels?

According to the Tokyo metropolitan government, around 50,000 buildings and houses are built in Tokyo each year, and around 20,800 of these will need to have solar panels under the new rules. Around 20,000 of those qualify as other smaller structures in the second category.

Will Tokyo require solar panels on new detached houses?

This will make Tokyo the first place in Japan to require solar panels on new detached houses. The ordinance will come into force in April 2025. “We have gone ahead with requiring businesses (to install solar panels),” Tokyo Governor Yuriko Koike said at a news conference held after the ordinance was approved.

Who is responsible for installing solar power generation in Tokyo?

We will realize our vision of Tokyo as a more resilient, prosperous, and livable city. Q Who is responsible for installing solar power generations?

✓ Major housing suppliers that supply over 20,000 □ of housing on a yearly basis (approx. 50 companies) will be subject to this mandate.

What subsidies does Tokyo offer for solar panels?

Tokyo offers subsidies for solar panel installation, providing up to ¥120,000

per kilowatt (maximum ¥360,000). For panels exceeding 3.6 kilowatts, the subsidy is ¥100,000 per kilowatt. Additionally, Tokyo supports the “Tokyo Zero Emission Housing” initiative, promoting energy-efficient homes with improved insulation.

Should solar panels face north or South in Tokyo?

Many houses in Tokyo have roofs that face north so that they do not block the sun from shining on neighboring houses. But solar panels should face south. Houses in Tokyo are also typically very small, meaning they will each only have space for a small number of panels.
