

## SolarGrid Energy Solutions

# Türkiye office building energy storage renovation project

## Overview

---

How big is Türkiye's energy storage capacity?

Türkiye's 35 GWh storage capacity accounts for grid-scale projects alone. Global energy storage investments have surpassed 150 GWh. Türkiye has already begun installations in Hungary, Bulgaria, and Spain, leveraging its geographic advantage close to Europe.

Where does Türkiye invest in energy storage?

Global energy storage investments have surpassed 150 GWh. Türkiye has already begun installations in Hungary, Bulgaria, and Spain, leveraging its geographic advantage close to Europe. Tokcan highlighted the importance of local expertise in manufacturing, system management, and maintenance to avoid dependency on foreign firms.

Can Türkiye become a regional hub for battery technology?

"We believe Türkiye can become a regional hub for battery technology, and our government is committed to making this a reality," Tokcan said. These efforts will position Türkiye as a leader in energy storage innovation, fostering collaboration and supporting renewable energy goals.

Does the EU have to submit a long-term renovation strategy?

not an EU Member State, it does not have to submit a long-term renovation strategy in accordance with the Energy Performance of Buildings Directive. However, it must submit a National Energy Efficiency Action Plan and #BuildU.

Do Esco contracts work in Turkey?

Despite the advantages of ESCO contracts - allowing bidders to suggest cost-effective energy saving alternatives and holding them accountable for the results - ESCOs in Turkey have previously had only limited success in the industrial sector, mainly with single-technology retrofits, and have not been

able to penetrate the public buildings market.

What is Istanbul's earthquake risk mitigation project (ismep)?

on by improving efficiency in existing buildings. Istanbul's earthquake risk mitigation project (ISMEP) has rebuilt 283 school buildings and 3 healthcare buildings, and retrofitted 796 school buildings and 48 healthcare buildings against earthquakes

## Türkiye office building energy storage renovation project
