

## SolarGrid Energy Solutions

# Vienna energy storage equipment manufacturer

## Overview

---

Does Austria have a market for energy storage technologies?

A study 1 carried out by the University of Applied Sciences Technikum Wien, AEE INTEC, BEST and ENFOS presents the market development of energy storage technologies in Austria for the first time.

How much does a photovoltaic battery storage system cost in Austria?

The total inventory of photovoltaic battery storage systems in Austria therefore rose to 11,908 storage systems with a cumulative usable storage capacity of approx. 121 MWh. For 2020, a price of around € 914 per kWh of usable storage capacity excl. VAT was charged for PV storage systems installed as turnkey solutions.

How big is Austria's hydraulic storage power plant capacity?

In 2020, Austria had a historically grown inventory of hydraulic storage power plants with a gross maximum capacity of 8.8 GW and gross electricity generation of 14.7 TWh. This storage capacity has already played a central role in the past in optimising power plant deployment and grid regulation.

How many tank water storage systems are there in Austria?

A total of 840 tank water storage systems in primary and secondary networks with a total storage volume of 191,150 m<sup>3</sup> were surveyed in Austria. The five largest individual tank water storage systems have volumes of 50,000 m<sup>3</sup> (Theiss), 34,500 m<sup>3</sup> (Linz), 30,000 m<sup>3</sup> (Salzburg), 20,000 m<sup>3</sup> (Timelkam) and twice 5,500 m<sup>3</sup> (Vienna).

How will energieallianz Austria contribute to the green energy transition?

From June 2025 until the end of 2026, the hydrogen plant will be supplied with three gigawatt hours of green electricity from 100 percent Austrian renewable sources every year. Through this cooperation with RAG Austria, ENERGIEALLIANZ Austria is strengthening its commitment to green hydrogen

as a central component of the Austrian energy transition.

Is green hydrogen a central component of the Austrian energy transition?

Through this cooperation with RAG Austria, ENERGIEALLIANZ Austria is strengthening its commitment to green hydrogen as a central component of the Austrian energy transition. Press release | 01 July 2025
