## Overview

---

What is the 2.3 GW battery storage project in Italy?

Also underpinning the 2.3 GW battery storage projects across Northern and Southern Italy is renewable energy security. The project, as put in official project partnership communication, will enable “it [Italy] meet its 2030 renewable energy targets, decarbonising the power system whilst ensuring security of supply”.

Which projects have a battery energy storage system been implemented?

Internationally, we have already implemented major projects such as the Tynemouth stand-alone storage system in the UK and the La Cabaña photovoltaic plant in Chile, which is equipped with a Battery Energy Storage System that ensures its efficiency and stability.

Does Italy need battery storage?

Nischal Agarwal, Partner at CIP, made clear of the company’s intentions, stating that, “Italy has a clear need for storage and the enabling market and regulatory mechanisms are being put in place to make battery storage projects commercially attractive.”.

What is the future of energy storage in Italy?

MP: The future of energy storage in Italy is bright. With investments in technology, regulatory support, and declining costs, BESS will become a key pillar of Italy’s transition to a sustainable energy future. Telis Energy is proud to play a role in this journey by originating, developing, and building high-quality BESS projects.

How many battery factories are there in Europe?

If we also consider Russia (1), Turkey (1) and the UK (2), the total number of factories rises to 42. Returning to the EU, battery factories are located in 17 Member States. Germany, which has always been the driving force behind

Europe's four-wheeled vehicle industry, leads the way with 12 sites of its own.

How many battery factories are there in 2021?

In 2021, there were no more than 301. In the EU alone, there are 38 battery production plants. If we also consider Russia (1), Turkey (1) and the UK (2), the total number of factories rises to 42. Returning to the EU, battery factories are located in 17 Member States.
